Attached SC, [REDACTED] items on ACSI Coordination Procedures *W/o ATT*

25X1A9a I do not quite buy the somewhat philosophical flavor of SC's memo, which I don't think is too consistent with his intermittent discussion of individual instances. [REDACTED] paragraphs 4 and 5 are not in good taste. It seems to me that, by discussion with [REDACTED] rather than via written reply, 25X1A9a OBI should insist on agreement on common-sense semantics, i.e., reverting to a former understanding which would require involving the NIS Coordinator only for "conferences" which might involve more than working-level people and problems and/or fairly fundamental policy aspects. I believe this was the essence of informal NIS Committee discussion on 5 March 1957 to which [REDACTED] referred in his 30 October 1958 telephone call to [REDACTED] 25X1A9a
